

Project Update - Ward Enhancement Grant - Mayfield Village Gateway Project

Proposal

Village Gateway on B5032 from Uttoxeter before Middle Mayfield. Replace the "Please Slow Down" sign with a Mayfield Heritage Sign including the words "Heritage Village" and "Please Drive Carefully" using the existing support frame with a planter.

Village Gateway at Upper Mayfield at Junction of A52 with Hollow Lane – A Mayfield Heritage Sign including the words "Heritage Village" and "Please Drive Carefully" mounted on a planter.

Village Gateway at the Junction of B5032 and A52 near the Openreach cabinets - A Mayfield Heritage Sign including the words "Heritage Village" and "Please Drive Carefully" mounted on a frame with a planter

Village Gateway at the entrance to The Terrace after the bridge over the Dove at a point to be agreed with the Mill owners. A Mayfield Heritage sign with the words "Heritage Village" and "Please Drive Carefully" mounted on a planter.

Revenue Costs to be funded by Parish Council

4 no. S114e licence for planter £205 x 4 = £820

2 no. S114e licence for sign £205 x 2 = £410

2 no. Planning Permissions (if required) 2 x £147 = £294

Maps for licencing and planning =£126

Installation of sign and permit to dig (incl VAT) = £743

Compost = £120

Total = £2513 (incl VAT) £2390 (excl VAT)

Capital Costs to be funded by Ward Enhancement Grant

Middle Mayfield

Large Heritage Sign (replacing existing) (incl VAT)	£373
---	------

Materials for Timber Planter 1200x400x400mm high	?
--	---

Upper Mayfield

Small Heritage Sign (incl VAT)	£173
--------------------------------	------

Materials for Timber Planter 900x500x600mm high	?
---	---

Junction of B5032 and A52

Frame (incl VAT)	£1010
------------------	-------

Large Heritage Sign (incl VAT)	£373
--------------------------------	------

Materials for Timber Planter 1200x400x400mm high	?
--	---

The Terrace

Small Heritage Sign (incl VAT) £173

Materials for Timber Planter 900x500x600mm high ?

Total = £2102 (incl VAT) + Cost of materials for planters to be manufactured by Friends of Mayfield

Notes –

1. If Grant application has been made, and feedback is positive, then the next step will be for Village Gateway Working Group to send maps and drawings to County Council and arrange a site meeting with them, and for group also to meet with Mill owners.
2. There is a sensitivity on timescales for the licences as the council would not make any commitment on lead times for licences other than to say the legal team are very busy.
3. Friends of Mayfield have proposed that –
 - a) they will manufacture, install and maintain the planters on an ongoing basis including provision of plants, watering etc.
 - b) they will own the planters but they will be insured by the Parish Council – the possibility of doing this is being checked with our insurers.
4. Timescales –
Obtain licences and permissions Sept 2024 – November 2024
Purchase Signs, Frame and make planters + install everything December 2024 – March 2025
Ward enhancement Funding needed November 2024.

2nd September 2024
